² **Seminar:** An advanced course on a **Master level** that teaches and provides scientific knowledge. Current problems are being discussed by applying scientific methods. Usually, active participation is mandatory and attendance can be restricted. If you only attend, you will gain 3 ECTS. If you take an exam/paper, you will gain **8 ECTS**.

³ **Blockseminar:** A short intensive seminar that takes place in a continuous period of a few days, more rarely of a few weeks. Often, a certain weekday or half a day as a block time is also offered for several months. Blockseminars may include e.g. laboratory and field exercises, subject-related excursions, post-graduate courses. The examinations are often taken directly at the end of the time block, sometimes they are divided into thematic examination blocks.
